

# Asian-Australasian Journal of Animal Sciences

December 2000

Volume 13, Number 12

## Contents

### ANIMAL REPRODUCTION AND PHYSIOLOGY

234. Relationship of IGF-I mRNA Levels to Tissue Development in Chicken Embryos of Different Strains / *K. Kita, C. Noda, K. Miki, K. Kino and J. Okumura (Japan)* ..... 1653

### RUMINANT NUTRITION AND FORAGE UTILIZATION

235. *Leucaena leucocephala* and *Gliricidia sepium* Supplementation in Sheep Fed With Ammonia Treated Rice Straw: Effects on Intake, Digestibility, Microbial Protein Yield and Live-Weight Changes / *E. A. Orden, S. A. Abdulrazak, E. M. Cruz, M. E. M. Orden, T. Ichinohe and T. Fujihara (Japan)* ..... 1659
236. Monitoring Nutritional Status of Dairy Cows in Taiwan Using Milk Protein and Milk Urea Nitrogen / *Sen-Yuan Hwang, Mei-Ju Lee and Peter Wen-Shyg Chiou (ROC)* ..... 1667
237. Nutrient Intake, Its Utilization, Rumen Fermentation Pattern and Blood Bio-Chemical Constituents of Sheep Fed Urea Treated Mustard (*Brassica campestris*) Straw / *A. K. Misra, S. A. Karim, D. L. Verma, A. S. Mishra and M. K. Tripathi (India)* ..... 1674
238. Nutrient Utilization, Body Composition and Lactation Performance of First Lactation Bali Cows (*Bos sondaicus*) on Grass-Legume Based Diets / *I. A. M. Sukarini, D. Sastradipradja, T. Sutardi, I. G. Mahardika and I. G. A. Budiarta (Indonesia)* ..... 1681
239. Effect of Replacing Corn and Wheat Bran With Soyhulls in Lactation Cow Diets on *In Situ* Digestion Characteristics of Dietary Dry Matter and Fiber and Lactation Performance / *Qingxiang Meng, Lin Lu, Xiaomei Min, P. J. McKinnon and Yiqiang Xiong (China)* ..... 1691
240. Effect of Replacing Cereal Grain in Concentrate With Wheat Bran on the Performance of Lactating *Bos indicus*×*Bos taurus* Cows Fed Green Fodder *ad libitum* in the Northern Plains of India / *A. Sahoo, L. C. Chaudhary, Neeta Agarwal, D. N. Kamra, T. Dutt and N. N. Pathak (India)* ..... 1699
241. Diurnal Changes in the Distribution of Ruminal Bacteria Attached to Feed Particles in Sheep Fed Hay Once Daily / *J. Pan, T. Suzuki, K. Ueda, K. Tanaka and M. Okubo (Japan)* ..... 1708

### NONRUMINANT NUTRITION AND FEED PROCESSING

242. Relationships Between Feed Intake Traits, Monitored Using a Computerized Feed Intake Recording System, and Growth Performance and Body Composition of Group-Housed Pigs / *Young Hyun and Mike Ellis (USA)* ..... 1717
243. Response of Growing and Laying Japanese Quails (*Coturnix japonica*) to Dietary Sunflower Seed Meal / *A. V. Elangovan, S. V. S. Verma and V. R. B. Sastry (India)* ..... 1726
244. Optimal Threonine:Lysine Ratio for Growing Pigs of Different Sexes / *W. H. Chang, J. H. Lee, K. N. Heo, I. K. Paik and In K. Han* ..... 1731

---

245. Effects of Replacing Spray Dried Plasma Protein With Spray Dried Porcine Intestine Hydrolysate on Ileal Digestibility of Amino Acids and Growth Performance in Early-Weaned Pigs / <i>J. H. Kim, B. J. Chae and Y. G. Kim</i> .....	1738
246. Using Enzyme Supplemented, Reduced Protein Diets to Decrease Nitrogen and Phosphorus Excretion of White Leghorn Hens / <i>Jacqueline P. Jacob, Sami Ibrahim, Robert Blair, Hwan Namkung and In Kee Paik</i> .....	1743
247. Effects of Heat Treatment on Soybeans With and Without the Gene Expression for the Kunitz Trypsin Inhibitor: Chick Growth Assays / <i>L. L. Burnham, I. H. Kim, J. D. Hancock and A. J. Lewis</i> .....	1750
248. Tu-Chung Leaf Meal Supplementation Reduced an Increase in Lipid Accumulation of Chickens Stimulated by Dietary Cholesterol / <i>U. Santoso, S. Ohtani and K. Tanaka</i> ...	1758

#### **ANIMAL PRODUCTION AND APPLIED SCIENCE**

249. The Effects of Nitrite Treatment on the Lipid Composition, Fatty Acid Composition, and Susceptibility to Oxidation of Pork Biceps Femoris Muscle / <i>S. K. Han and K. Yamauchi</i> .....	1764
250. Decolorization of Porcine Red Blood Cell Globin With Ion Exchanger Method and Modification of Its Protein Functionalities / <i>Jeng-Huh Yang and Chin-Wen Lin</i> .....	1770

#### **ANIMAL HEALTH AND WELFARE**

251. Application of ELSA for the Detection of Oxytetracycline Residue in Live Animals / <i>H. J. Lee, M. H. Lee and In K. Han</i> .....	1775
---	------

#### **REVIEW PAPERS**

252. Impact of Salt Intake on Red and Fallow Deer Production in Australia / <i>Y. J. Ru, P. C. Glatz and Z. H. Miao</i> .....	1779
---	------

#### **AAAP NEWS**

1. Minutes of the 11th Council Meeting .....	1788
<i>Updated List of Council Members of the AAAP (As of August 23, 2000)</i> .....	1788
2. Minutes of the Third Section Editors' Meeting (AJAS) .....	1790
3. Minutes of the 2000 Editorial Board Meeting (AJAS) .....	1794
4. Biodata for the 2000 AAAP Awardees .....	1798
(1) Winner of the First AAAP Animal Science Award : Dr. Charan Chantalakhana (Thailand)	
(2) Winner of the First AAAP Animal Science Research Award : Dr. Junichi Okumura (Japan)	
(3) Brief Biography of Awardees for 2000 AJAS Purina Outstanding Research Award : ① Dr. C. Lee (Korea), ② Dr. T. F. Lien (ROC), ③ Dr. Y. J. Ru (Australia), ④ Dr. P. Palta (India), ⑤ Dr. A. Koga (Japan), ⑥ Dr. Defa Li (P. R. China)
