

# Asian-Australasian Journal of Animal Sciences

February 2004

Volume 17, Number 2

## Contents

### ANIMAL BREEDING AND GENETICS

24. Genetic Relationship between Milk Production, Calving Ease and Days Open at First Parity in Holstein Cows / *D. H. Lee and K. J. Han* (Korea) ..... 153
25. Robustness of Selection Indices in Murrah Buffaloes / *R. S. Gandhi and B. K. Joshi* (India) ..... 159

### ANIMAL REPRODUCTION AND PHYSIOLOGY

26. *In vitro* Fertilization and Development of Pig Oocytes Inseminated with Boar Sperm by Different Sperm Washing Media after Thawing of the Frozen Straws / *Y. J. Yi, H. J. Ko, S. H. Lee, C. B. Yang, D. S. Son, H. K. Kim and C. S. Park* (Korea) ..... 164
27. Production of Cloned Calves by the Transfer of Somatic Cells Derived from Frozen Tissues Using Simple Portable CO<sub>2</sub> Incubator / *Y. J. Dong, X. J. Bai, M. D. Varisanga, N. R. Mtango, T. Otoi, R. Rajamahendran and T. Suzuki* (Japan) ..... 168
28. Surgical Oocyte Retrieval and the Developmental Potential of the Oocytes Derived from Prepubertal Calves / *S. P. Yeh, J. C. Ju, J. K. Tseng, P. C. Chou, C. H. Chen, T. Chih and Y. K. Fan* (ROC) ..... 174
29. FSHR Gene Mutation and Its Effect on Litter Size in Pigs / *Shujun Zhang, Yuanzhu Xiong, Changyan Den, Senmu Xiao, Jianxiang Xu, Yu Xia, Xiaohua Liu, Chunfang Wang and Shulin Sun* (P. R. China) ..... 179

### RUMINANT NUTRITION AND FORAGE UTILIZATION

30. Effect of Variety and Stage of Maturity on Nutritive Value of Whole Crop Rice, Yield, Botanical Fractions, Silage Fermentability and Chemical Composition / *M. R. Islam, M. Ishida, S. Ando, T. Nishida, N. Yoshida and M. Arakawa* (Bangladesh) ..... 183
31. Comparative Evaluation of Cotton Seed Meal and Sunflower Seed Meal in Urea Molasses Blocks Versus Commercial Concentrate as Supplement to Basal Ration of Wheat Straw with Stall-fed Buffalo Calves / *I. H. Mirza, M. I. Anjum, A. G. Khan and A. Azim* (Pakistan) ..... 193
32. Effect of Cellulose Degrading Bacteria Isolated from Wild and Domestic Ruminants on *In vitro* Dry Matter Digestibility of Feed and Enzyme Production / *N. P. Sahu, D. N. Kamra and S. S. Paul* (India) ..... 199
33. Fodder Supply in Cold Season in Gobi Nomadic Area, Mongolia / *S. Yamasaki and J. Ishida* (Japan) ..... 203
34. Ruminant Dry Matter and Fiber Characteristics of Rice Hulls-bedded Broiler Litter Compared with Rice Straw / *W. S. Kwak, J. M. Park, K. K. Park and W. Y. Kim* (Korea) ..... 207
35. Dietary Supplementation of Fat Increased Milk Fat Percentage without Affecting Ruminant Characteristics in Holstein Cows in a Warm Tropical Environment / *A. S. Wang, D. F. Jan, K. J. Chen, D. W. Yang and Y. K. Fan* (ROC) ..... 213
36. Utilization of Dietary Nutrients, Retention and Plasma Level of Certain Minerals in Crossbred Dairy Cows as Influenced by Source of Mineral Supplementation / *N. K. S. Gowda, C. S. Prasad, L. B. Ashok and J. V. Ramana* (India) ..... 221

- 
37. Using Chemical and Biological Approaches to Predict Energy Values of Selected Forages Affected by Variety and Maturity Stage: Comparison of Three Approaches / *P. Yu, D. A. Christensen, J. J. McKinnon and H. W. Soita* (Canada) ..... 228

#### **NONRUMINANT NUTRITION AND FEED PROCESSING**

38. Effects of Replacing Spray Dried Porcine Plasma with Solpro500 on Performance, Nutrient Digestibility and Intestinal Morphology of Starter Pigs / *C. H. Lai, S. Y. Qiao, Defa Li, X. S. Piao, L. Bai and X. F. Mao* (P. R. China) ..... 237
39. Dietary Supplementation of Betaine (Betafin<sup>R</sup>) and Response to High Temperature Stress in Male Broiler Chickens / *I. Zulkifli, S. A. Mysahra and L. Z. Jin* (Malaysia) ..... 244
40. The Effect of High Environmental Temperature and Nutrient Density on Pig Performance, Conformation and Carcass Characteristics under Restricted Feeding System / *L. C. Hsia and G. H. Lu* (ROC) ..... 250
41. Ability of Modified Glucomannan to Sequester T-2 Toxin in the Gastrointestinal Tract of Chicken / *N. B. Reddy, G. Devegowda and R. G. Shashidhara* (India) ..... 259
42. The Influence of Different Fiber and Starch Types on Nutrient Balance and Energy Metabolism in Growing Pigs / *J. F. Wang, Y. H. Zhu, D. F. Li, H. Jørgensen and B. B. Jensen* (P. R. China) ..... 263

#### **ANIMAL PRODUCTION AND APPLIED SCIENCE**

43. The Effect of Food Deprivation Length of Pair House Pigs on the Running Speed and Feeding Activity in Solitary and Social Conditions / *L. C. Hsia* (ROC) ..... 271
44. Growth of Seeded *Escherichia coli* in Rewetted Cattle Waste Compost of Different Stages / *D. Hanajima, K. Kuroda, Y. Fukumoto and K. Haga* (Japan) ..... 278

#### **REVIEW PAPER**

45. Feeding Dry Sows *Ad libitum* with High Fibre Diets / *Y. J. Ru and Y. M. Bao* (Australia) ..... 283
-
