

Asian-Australasian Journal of Animal Sciences

January 2005

Volume 18 Number 1

Contents

BIOGRAPHICAL ARTICLE	1
ANIMAL BREEDING AND GENETICS	
1. Identification of Novel SNPs in Bovine Insulin-like Growth Factor Binding Protein-3 (<i>IGFBP3</i>) Gene / <i>J. Y. Kim, D. H. Yoon, B. L. Park, L. H. Kim, K. J. Na, J. G. Choi, C. Y. Cho, H. K. Lee, E. R. Chung, B. C. Sang, I. J. Cheong, S. J. Oh and H. D. Shin</i> (Korea)	3
2. Effect of Family Size and Genetic Correlation between Purebred and Crossbred Half-sisters on Response in Crossbred and Purebred Chickens under Modified Reciprocal Recurrent Selection / <i>Neelam Singh, Raj Pal Singh, Sandeep Sangwan and Baljeet Singh Malik</i> (India)	8
3. Genetic Variation of H-FABP Gene and Association with Intramuscular Fat Content in Laiwu Black and Four Western Pig Breeds / <i>Y. Q. Zeng, G. L. Wang, C. F. Wang, S. D. Wei, Y. Wu, L. Y. Wang, H. Wang and H. L. Yang</i> (PRC)	13
ANIMAL REPRODUCTION AND PHYSIOLOGY	
4. Effects of Melatonin on Gene Expression of IVM/IVF Porcine Embryos / <i>H. Y. Jang, H. S. Kong, K. D. Choi, G. J. Jeon, B. K. Yang, C. K. Lee and H. K. Lee</i> (Korea)	17
RUMINANT NUTRITION AND FORAGE UTILIZATION	
5. Effects of Pelleted Sugarcane Tops on Voluntary Feed Intake, Digestibility and Rumen Fermentation in Beef Cattle / <i>C. Yuangklang, M. Wanapat and C. Wachirapakorn</i> (Thailand)	22
6. Effect of Microwave Treatment on Chemical Composition and <i>In sacco</i> Digestibility of Wheat Straw in Yak Cow / <i>Shikui Dong, Ruijun Long, Degang Zhang, Zizhi Hu and Xiaopeng Pu</i> (PRC)	27
7. Effect of Salt Level in Water on Feed Intake and Growth Rate of Red and Fallow Weaner Deer / <i>Y. J. Ru, P. C. Glatz and Y. M. Bao</i> (Australia)	32
8. Effect of Niacin Supplementation on Rumen Metabolites in Murrah Buffaloes (<i>Bubalus bubalis</i>) / <i>Ravindra Kumar and R. S. Dass</i> (India)	38
9. Can <i>Moringa oleifera</i> Be Used as a Protein Supplement for Ruminants? / <i>A. M. V. Kakengi, M. N. Shem, S. V. Sarwatt and T. Fujihara</i> (Tanzania)	42
10. Macro- and Micro-nutrient Utilization and Milk Production in Crossbred Dairy Cows Fed Finger Millet (<i>Eleusine coracana</i>) and Rice (<i>Oryza sativa</i>) Straw as Dry Roughage Source / <i>N. K. S. Gowda and C. S. Prasad</i> (India)	48
11. Chemical Composition, Degradation Characteristics and Effect of Tannin on Digestibility of Some Browse Species from Kenya Harvested during the Wet Season / <i>I. M. Osuga, S. A. Abdulrazak, T. Ichinohe and T. Fujihara</i> (Japan)	54
12. Nutritional Requirements of <i>Actinomyces</i> Isolated from Rumen of Goat / <i>Ki Moon Park, Hyung Tai Shin, Kook Hee Kang and Jae Heung Lee</i> (Korea)	61

NONRUMINANT NUTRITION AND FEED PROCESSING

13. Properties of *Aspergillar* Xylanase and the Effects of Xylanase Supplementation in Wheat-based Diets on Growth Performance and the Blood Biochemical Values in Broilers / *Yubo Wu, Changhua Lai, Shiyan Qiao, Limin Gong, Wenqing Lu and Defa Li* (PRC) 66
14. The Effect of Spray-dried Porcine Plasma and Tryptophan on Feed Intake and Performance of Weaning Piglets / *Liang Chou Hsia* (ROC) 75
15. Utilization of Graded Levels of Finger Millet (*Eleusine coracana*) in Place of Yellow Maize in Commercial Broiler Chicken Diets / *S. V. Rama Rao, M. V. L. N. Raju, M. R. Reddy and A. K. Panda* (India) 80
16. Effects of Green Tea Polyphenols and Fructo-oligosaccharides in Semi-purified Diets on Broilers' Performance and Caecal Microflora and Their Metabolites / *B. H. Cao, Y. Karasawa and Y. M. Guo* (PRC) 85

ANIMAL PRODUCTS AND APPLIED SCIENCE

17. Identification and Characterization of Hydrogen Peroxide-generating *Lactobacillus fermentum* CS12-1 / *D.-K. Kang, H. K. Oh, J.-S. Ham, J. G. Kim, C. H. Yoon, Y. T. Ahn and H. U. Kim* (Korea) 90
18. The Effect of Wet Pad and Forced Ventilation House on the Reproductive Performance of Boar / *S. H. Chiang and L. C. Hsia* (ROC) 96
19. Fermentation for Liquid-type Yogurt with *Lactobacillus casei* 911LC / *I. H. Ko, M. K. Wang, B. J. Jeon and H. S. Kwak* (Korea) 102
20. Augmentation of Thermotolerance in Primary Skin Fibroblasts from a Transgenic Pig Overexpressing the Porcine HSP70.2 / *Ming-Yu Chen, Ching-Fu Tu, San-Yuan Huang, Jyh-Hung Lin, Bor-Show Tzang, Tzong-Hsiung Hseu and Wen-Chuan Lee* (ROC) 107

REVIEW PAPER

21. Free-range Poultry Production - A Review / *Z. H. Miao, P. C. Glatz and Y. J. Ru* (Australia) 113
22. Effect of Orally Administered Branched-chain Amino Acids on Protein Synthesis and Degradation in Rat Skeletal Muscle / *Fumiaki Yoshizawa, Takashi Nagasawa and Kunio Sugahara* (Japan) 133
