

Asian-Australasian Journal of Animal Sciences

March 2005

Volume 18 Number 3

Contents

ANIMAL BREEDING AND GENETICS

46. Relationship between Genetic Variants of Mitochondrial DNA and Growth Traits in Hanwoo Cattle / *G. J. Jeon, H. Y. Chung, J. G. Choi, M. S. Lee, C. W. Lee, J. J. Park, J. M. Ha, H. K. Lee and H. H. Sung* (Korea) 301

ANIMAL REPRODUCTION AND PHYSIOLOGY

47. Odds Ratio and Probability of Conception of Holstein Friesian Dairy Cows in the Kingdom of Saudi Arabia / *A. K. A. Ali, A. A. ALessa, M. A. Alshaikh, R. S. Aljumaah, A. A. Al-Haidary and M. S. Alkraidees* (Kingdom of Saudi Arabia) 308
48. Comparison of Two Different Schemes of Once-weekly Ovum Pick Up in Dairy Heifers / *Xiao-Yu Yang, Hua Li, Wen-Ying Huang, Shu-Zhen Huang and Yi-tao Zeng* (P. R. China) 314

RUMINANT NUTRITION AND FORAGE UTILIZATION

49. Effect of Different Level of Monensin Supplemented with Cold Process Urea Molasses Mineral Block on *In vitro* Rumen Fermentation at Different Days of Adaptation with Monensin / *Debasis De and G. P. Singh* (India) 320
50. Effect of Protein Sources on Rumen Microbial Protein Synthesis Using Rumen Simulated Continuous Culture System / *J. W. Joo, G. S. Bae, W. K. Min, H. S. Choi, W. J. Maeng, Y. H. Chung and M. B. Chang* (Korea) 326
51. Effect of Transinoculation of Goat Rumen Liquor on Degradation and Metabolism of Mimosine in Sheep Fed with *Leucaena leucocephala* Leaves / *S. Vaithyanathan, Q. Sheikh and Ravindra Kumar* (India) 332
52. Influence of Ripening Stages on the Quality of Whole Crop Silage and Grain Silage of Fodder Rice / *S. Maruyama, I. Yokoyama, H. Asai, S. Sakaguchi, T. Ohtani, H. Yokota and K. Kita* (Japan) 340
53. Feeding of Whole Sugar Cane to Dairy Cattle during the Dry Season / *W. Suksombat and P. Mernkrathoke* (Thailand) 345
54. Effect of Intraruminal Sucrose Infusion on Volatile Fatty Acid Production and Microbial Protein Synthesis in Sheep / *K. H. Kim, S. S. Lee and K. J. Kim* (Korea) 350
55. Effects of Strains of *Saccharomyces cerevisiae* and Incubation Conditions on the *In vitro* Degradability of Yeast and Roughage / *S. Ando, Y. Nishiguchi, K. Hayasaka, Y. Yoshihara, J. Takahashi and H. Iefuji* (Japan) 354
56. Model to Predict Absorbed Amino Acid Supply at the Proximal Duodenum in Growing Beef Cattle / *Xianghua Yan, Zirong Xu, Wen-ju Zhang and Jiaqi Wang* (P. R. China) ... 358

NONRUMINANT NUTRITION AND FEED PROCESSING

57. Effect of Sauropus Androgynus (Katuk) Extract on Egg Production and Lipid Metabolism in Layers / *U. Santoso, J. Setianto and T. Suteky* (Indonesia) 364

| | |
|--|-----|
| 58. Effects of <i>Lactobacillus reuteri</i> -based Direct-fed Microbial Supplementation for Growing-Finishing Pigs / K. S. Shon, J. W. Hong, O. S. Kwon, B. J. Min, W. B. Lee, I. H. Kim, Y. H. Park and I. S. Lee (Korea) | 370 |
| 59. Effect of Polyherbal Feed Supplement "Growell" during Induced Aflatoxicosis, Ochratoxicosis and Combined Mycotoxicoeses in Broilers / D. R. Kalorey, N. V. Kurkure, J. S. Ramgaonkar, P. S. Sakhare, Shubhangi Warke and N. K. Nigot (India) | 375 |
| 60. Effects of Feeding Rice Protein Concentrate on Growth Performance and Ileal Digestibility in Early-weaned Pigs / J. H. Yun, J. S. Yong and B. J. Chae (Korea) | 384 |
| 61. Using Varying Levels of Formic Acid to Limit Growth of <i>Salmonella gallinarum</i> in Contaminated Broiler Feed / Mohammad Q. Al-Natour and Khalil M. Alshawabkeh (Jordan) | 390 |
| 62. Post Prandial Plasma Free Arginine Concentrations Increase in Rainbow Trout Fed Arginine-deficient Diets / Gunjun Park, Sungchul C. Bai, Im-ho Ok, Kyungmin Han, Silas S. O. Hung, Quinton R. Rogers and Taesun Min (Korea) | 396 |
| 63. Effects of Chromium Propionate Supplementation on Growth Performance, Serum Traits and Immune Response in Weaned Pigs / T.-F. Lien, K.-H. Yang and K.-J. Lin (ROC) .. | 403 |

ANIMAL PRODUCTS AND APPLIED SCIENCE

| | |
|---|-----|
| 64. Studies of the Microbial and Physical Properties of Oriental Style Dairy Product Kou Woan Lao with Probiotics / Lieh-Chi Su, Chin-Wen Lin and Ming-Ju Chen (ROC) | 409 |
| 65. Effects of a Dietary Chitosan-Alginate-Fe(II) Complex on Meat Quality of Pig Longissimus Muscle during Ageing / B. Y. Park, J. H. Kim, S. H. Cho, I. H. Hwang, O. S. Jung, Y. K. Kim, J. M. Lee and S. G. Yun (Korea) | 414 |
| 66. Effect of Pasture Finishing on Beef Quality of Japanese Shorthorn Steers / T. Muramoto, M. Higashiyama and T. Kondo (Japan) | 420 |
| 67. Relationship between Thermal Properties of Muscle Proteins and Pork Quality / Hsiu-Lan Kuo, Ming-Tsao Chen, Deng-Cheng Liu and Lieh-Chin Lin (ROC) | 427 |
| 68. Production of Functional Whey Protein Concentrate by Monitoring the Process of Ultrafiltration / H. M. Jayaprakasha and Y. C. Yoon (India) | 433 |

REVIEW PAPER

| | |
|---|-----|
| 69. Role of Dietary Zinc as a Nutritional Immunomodulator / T. K. Goswami, R. Bhar, S. E. Jadhav, S. N. Joardar and G. C. Ram (India) | 439 |
|---|-----|
