

# Asian-Australasian Journal of Animal Sciences

April 2005

Volume 18 Number 4

## Contents

### ANIMAL BREEDING AND GENETICS

70. Genetic Analysis of Three River Populations of *Catla catla* (HAMILTON) Using Randomly Amplified Polymorphic DNA Markers / *M. S. Islam, A. S. I. Ahmed, M. S. Azam and M. S. Alam* (Bangladesh) ..... 453
71. Association between PCR-RFLP Polymorphism of the Fifth Intron in Lipoprotein Lipase Gene and Productive Traits in Pig Resource Family / *B. Z. Zhang, M. G. Lei, C. Y. Deng, Y. H. Xiong, B. Zuo and F. E. Li* (P. R. China) ..... 458

### ANIMAL REPRODUCTION AND PHYSIOLOGY

72. Mating and Incidental Activities of Ram (*Ovis aries*) When Exposed to Ewe(s) and Competitor Ram in Pen Mating Condition / *M. Patel, N. Das, H. N. Pandey, M. C. Yadav and P. S. Girish* (India) ..... 463
73. Estrous Response and Fertility in Postpartum Suckled Female Yaks (*Bos grunniens*) Treated with an Intravaginal Device Containing Progesterone (CIDR), Pregnant Mares' Serum Gonadotrophin and Prostaglandin Analogue / *X. D. Zi, S. Chang, H. Lu and X. Wang* (P. R. China) ..... 470

### RUMINANT NUTRITION AND FORAGE UTILIZATION

74. Influence of Berseem and Lucerne Silages on Feed Intake, Nutrient Digestibility and Milk Yield in Lactating *Nili* Buffaloes / *M. Sarwar, M. Ajmal Khan, Mahr-un-Nisa and N. A. Touqir* (Pakistan) ..... 475
75. Potential of *Sarson Saag Waste*-a Cannery Waste as Ruminant Feed / *M. P. S. Bakshi, S. Kaushal and M. Wadhwa* (India) ..... 479
76. Sequencing of cDNA Clones Expressed in Adipose Tissues of Korean Cattle / *J. J. Bong, K. Tong, K. K. Cho and M. G. Baik* (Korea) ..... 483
77. Effect of Potato By-products Based Silage on Growth Performance, Carcass Characteristics and Fatty Acid Composition of Carcass Fats in Holstein Steers / *B. Pen, T. Oyabu, S. Hidaka and H. Hidari* (Japan) ..... 490
78. Effect of Arsenic on Immunity, Oxidative Enzyme and Various Hematological Parameters in Cross Bred Calves / *C. S. Mishra, Veena Mani and Harjit Kaur* (India) .. 497
79. Effect of Level of Crude Protein and Use of Cottonseed Meal in Diets Containing Cassava Chips and Rice Straw for Lactating Dairy Cows / *C. Promkot and M. Wanapat* (Thailand) ..... 502
80. Effect of C18-polyunsaturated Fatty Acids on Their Direct Incorporation into the Rumen Bacterial Lipids and CLA Production *In vitro* / *S. H. Choi and M. K. Song* (Korea) ..... 512

### NONRUMINANT NUTRITION AND FEED PROCESSING

81. Effects of Dietary Combinations of Vitamin A, E and Methionine on Growth Performance, Meat Quality and Immunity in Commercial Broilers / *J. D. Lohakare, J. Y. Choi, J. K. Kim, J. S. Yong, Y. H. Shim, T. -W. Hahn and B. J. Chae* (Korea) ..... 516

|                                                                                                                                                                                                                                                                   |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| 82. Effect of <i>In ovo</i> Injection of Critical Amino Acids on Pre- and Post-hatch Growth, Immunocompetence and Development of Digestive Organs in Broiler Chickens / <i>S. K. Bhanja and A. B. Mandal</i> (India) .....                                        | 524 |
| 83. Associations between Feed Efficiency, Body Growth and Serum Insulin-like Growth Factor-I Level for Korean Native Ogol Chickens / <i>W. K. Kim, M. H. Kim, D. S. Seo, C. Y. Lee, Y. O. Suk and Y. Ko</i> (Korea) .....                                         | 532 |
| 84. Utilization of Reconstituted High-tannin Sorghum in the Diets of Broiler Chickens / <i>Vinod Kumar, A. V. Elangovan and A. B. Mandal</i> (India) .....                                                                                                        | 538 |
| 85. Effects of Dietary Vitamins C and E on Egg Shell Quality of Broiler Breeder Hens Exposed to Heat Stress / <i>M. K. Chung, J. H. Choi, Y. K. Chung and K. M. Chee</i> (Korea) .....                                                                            | 545 |
| 86. Effects of Fluoride Levels on Lipid Peroxidation and Antioxidant Systems of Growing/Finishing Pigs / <i>X. Tao, Z. R. Xu, X. Y. Han, Y. Z. Wang and L. H. Zhou</i> (P. R. China) .....                                                                        | 552 |
| 87. Effects of Weekly Administration of Implant-type Recombinant Porcine Somatotropin on the Performance and Carcass Characteristics of Finishing Pigs / <i>Y. H. Kim, H. J. Jung, J. C. Park, O. S. Kwon, C. S. Chung, Y. D. Ko and H. K. Moon</i> (Korea) ..... | 557 |

#### **ANIMAL PRODUCTS AND APPLIED SCIENCE**

|                                                                                                                                                                                                                                                                                          |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| 88. Developmental Relationship of Unsaturated Fatty Acid Composition and Stearoyl-CoA Desaturase mRNA Level in Hanwoo Steers' Muscle / <i>Seung-Hwan Lee, Du-Hak Yoon, Nag-Jin Choi, Soo-Han Hwang, Eun-Young Cheong, Sung-Jong Oh, Il-Cheong Cheong and Chang-Soo Lee</i> (Korea) ..... | 562 |
| 89. Antioxidative Activities of Kefir / <i>Je-Ruei Liu, Yuh-Yih Lin, Ming-Ju Chen, Li-Ju Chen and Chin-Wen Lin</i> (ROC) .....                                                                                                                                                           | 567 |
| 90. Correlation of Air Pollutants and Thermal Environment Factors in a Confined Pig House in Winter / <i>Hong L. Choi, Ki Y. Kim and Hyunook Kim</i> (Korea) .....                                                                                                                       | 574 |
| 91. Milk Fat Analysis by Fiber-optic Spectroscopy / <i>S. Ohtani, T. Wang, K. Nishimura and M. Irie</i> (Japan) .....                                                                                                                                                                    | 580 |
| 92. Effect of Crosslinked $\beta$ -cyclodextrin on Quality of Cholesterol-reduced Cream Cheese / <i>Song-Hee Kim, Eun-Mi Han, Joungjwa Ahn and Hae-Soo Kwak</i> (Korea) .....                                                                                                            | 584 |

#### **REVIEW PAPER**

|                                                                                                                                                                                |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| 93. Increasing the Pig Market Weight: World Trends, Expected Consequences and Practical Considerations / <i>Y. S. Kim, S. W. Kim, M. A. Weaver and C. Y. Lee</i> (Korea) ..... | 590 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
